

Concerning Coronavirus Vaccines...

A Letter to My Fellowship

Dear Everyone,

2020 has been a very trying year for us all... and, at last, the Government is promising that the '(sort-of) end is in sight' via the coronavirus vaccines from Pfizer/BioNTech and/or from Oxford/AstraZeneca.

Many folks are heaving a huge sigh of relief that a vaccine will enable the country to get back to normal; to the way things were before this coronavirus came along...

But – and, sadly, there always seems to be a 'but' – that hope is a forlorn one. The Government and its advisors have been making quite clear that even *with* a vaccine for the virus, they still want social distancing to continue until at least 2022 – maybe even indefinitely; they may well impose more lockdowns; and they will still expect masks to be worn for another year - two years? - for life?...

While the Prime Minister, Matt Hancock, Chris Whitty, Patrick Vallance and Jonathan Van-Tam are strongly urging the UK population to take the vaccine, there are hundreds of very highly qualified and very experienced doctors, medics, scientists - immunologists, microbiologists, epidemiologists, virologists - and others of equal expertise across the world who are concerned that these Covid vaccines will NOT be the panacea claimed by our governments, and who are warning that, in fact, more harm than good may be done by such vaccines...

These experts are not invited onto mainstream media news channels to discuss their research, and many of their informative and educative videos are being censored and deleted by the tech giants such as YouTube. But for anyone who *is* interested to hear what they have to say, their works are available to read on websites across the internet and to watch on video channels such as BitChute and elsewhere.

Understandably, much of the UK population either does not have the time or the confidence to wade through and evaluate alternative information regarding the various aspects of SARS-CoV-2 and Covid-19, or they do not have access to the internet, or they are simply trusting of the Government's (and the establishment press/media's) verity on this issue.

But now with everybody being expected to take the vaccine, which has never been the case previously with, for example, flu vaccines, it is needful for us to be absolutely sure that the C19 vaccine will do us good, and will not harm us more than contracting this coronavirus might do...

I realise that might cause eyebrows to furrow: how could the C19 vaccine possibly do us more harm than the virus? Well, there are several reasons, and that is why so many scientific and medical experts are raising their voices to speak out.

Please let me stress at this point that my own opinion concerning C19 vaccines is of no consequence. What *is* of consequence, and what is the issue here, is that everyone has the right to give or withhold their informed consent for any vaccine. And to be able to do that we need to be in possession of all the facts.

But the government and its advisors are withholding from the UK population many pertinent facts about the vaccines they are pressuring us all to take; so, we are required to go to “a man who can” – as that AA advert on TV used to say! And there are numerous non-government scientists, as well as good investigative reporters, to whom we can go:

“Go, set a watchman, let him declare what he seeth” (Isaiah 21:6)

“Where no counsel is, the people fall: but in the multitude of counsellors there is safety” (Proverbs 11:14. Also, 15:22)

The following are some of the problems these medical experts and researchers are highlighting concerning the various C19 vaccines currently being marketed in the UK and elsewhere:

- **C19 vaccines do not guarantee immunity from contracting the coronavirus,**
- **C19 vaccines do not guarantee prevention - or even slowing - of transmission of the virus,**
- **C19 vaccines may merely allay some symptoms – and that only temporarily,**
- **C19 vaccines may conflict with flu jabs,**
- **C19 vaccines may cause serious, even fatal, adverse drug reactions (ADRs) for the elderly,**
- **C19 vaccines may cause serious, even fatal, ADRs in those who later contract the wild virus,**
- **C19 vaccines have already caused serious ADRs amongst those with allergies of various kinds,**
- **C19 vaccines may adversely affect fertility – in both males and females,**
- **No trials for vaccines against coronaviruses (including SARS, MERS, RSV) have ever yet been shown to prevent a coronavirus infection; in fact, previous coronavirus vaccine efforts have tended to show enhanced infection resulting in more serious disease than without vaccination,**
- **C19 vaccines have been rushed to MHRA ‘approval’ (‘approval’ is *not* the same thing at all as licence - the requirement for *all* vaccines) in just months instead of the usual 5-10 years,**
- **No previous coronavirus vaccines have ever been approved for license,**
- **Numbers of medical staff are refusing to take C19 vaccines. Why so, if they are safe/effective?,**
- **Satisfactory trials of C19 vaccines on animals have not been completed before being hurriedly trialled, with serious ADRs and even fatalities, on humans,**

- The Oxford/AstraZeneca C19 vaccine uses a genetically engineered chimpanzee adenovirus for production. Could this introduce a “zoonosis”: disease transmitted to humans from animals?,
- The Oxford/AstraZeneca C19 vaccine is also ethically/morally problematical in that it uses as its growth medium the HEK293 cell-line derived from kidney tissue obtained from an aborted female foetus in the Netherlands in 1972,
- The Pfizer/BioNTech C19 vaccine does not use the HEK293 cell-line in the production or development of its vaccine, but it does use HEK293 in some of its lab tests,
- NB: Healthwise, the use of human foetal cell-lines in previous vaccine production has been linked to autism and autoimmune diseases,
- The Pfizer/BioNTech C19 vaccine is a mRNA vaccine, a new and extremely controversial method of vaccine. Early studies have found it may also cause harmful autoimmune pathologies,
- The UK Government has made no mention in this instance to the public of their right to give or withhold “*informed consent*” concerning any medical procedure, which includes vaccines. Why so?. C19 vaccines are not exempt from this,
- The WHO and the UK Government’s advisors deny (a) God’s provision of natural immunity, (b), prior immunity from previous coronaviruses, (c) accumulated herd immunity, (d) C19-recovered immunity - while aggressively promoting only vaccine ‘immunity’. Why so?,
- The WHO and the UK Government’s advisors ignore nutrition, vitamins and minerals, sunlight, etc., all of which boost our natural immune systems, as well as other non-invasive and well-established remedies - while aggressively promoting only vaccine ‘immunity’. Why so?,
- The pharmaceutical companies are being given legal indemnity from any harm caused by their C19 vaccines. Why so?,
- The widely recognised unreliability of PCR tests, which are producing unacceptably high numbers of false positive cases/infections, means that any vaccine benefit cannot be determined with the necessary certainty,
- And other problems...

So in light of the above, I am asking each of my brothers and sisters to *please, please be absolutely* sure that the Lord would have you submit yourself to any C19 vaccine.

Some of you may already have done a goodly amount of research concerning the virus and the vaccines, and if you have, it would be very good to discuss with you and share the knowledge we have each gained if you would like to do that. And, of course, if any of my sources are in error in any way, or I am misunderstanding their findings as stated in the list of problems above, then do not hesitate to correct me.

For those who haven't been able to do much of your own research, please may I ask you not to dismiss out of hand the information proffered here without at least taking it to the Lord first?

The Scriptures command us to exercise our critical faculties and educate ourselves to the extent that each of us can do so, concerning *all* things before we accept or dismiss any case or argument put forth on any matter:

“He that answereth a matter before he heareth it, it is folly and shame unto him” (Proverbs 18:13)

“Prove all things: hold fast that which is good” (1 Thessalonians 5:21)

“Beloved, believe not every spirit, but try the spirits” (1 John 4:1a)

“Know ye not that ye are the temple of God” (1 Corinthians 3:16a)

We all want to ensure that what we put into our bodies is safe. If, after you have prayerfully considered the information made available by these scientists, medics, and others, and still wish to take the vaccine, then of course that is your free choice.

In summary, I am simply asking that you allow your choice to be an informed one – which is your right under the Law; that you may be at liberty to make your decision through knowledge of ALL aspects of the debate about C19 vaccines; not purely on the basis of the Government's partial, one-sided, 'done-deal' insistence that we take it.

I realise that this material may look a little daunting, so if you would like to talk with me about any of it, I assure you that I am more than happy to do that.

I also know that some of you don't have access to the internet, so if you would like to read any of the sources listed in the Source References section below, but can't access them yourself, then please don't hesitate to ask me and I will print them out for you. (I update the Bayith webpages as often as I can with more information as I work through it.)

With my love in the LORD,

Perloff, James, Chapter 19: 'Bill Gates' / Chapter 20: 'Deep State Goal#1: Global Vaccines' / Chapter 21: 'Eight Reasons Why We Don't Need a COVID Vaccine', in **COVID-19 and the Agendas to Come: Red-Pilled**, (Refuge Books), August 2020,

Some Scientists, Medics, Doctors Questioning Aspects of the C19 Narrative:

NB: I have yet to complete inclusion of credentials for a number of the names given below

Anderson, David C., Dr,
Endocrinologist, Professor of Medicine,

Atlas, Scott, Dr.,
Robert Wesson Senior Fellow, Hoover Institution, Stanford University; Physician; Scholar of public health.

Ayyadurai, Shiva, Dr.,

Bare, Jon,
Orthopaedic Surgeon

Bendavid, Eran, Dr.,
Professor of Medicine and Public Health at Stanford University.

Bhakdi, Suchjarit, Dr.,
Specialist in microbiology and infectious medicine; Medical research scientist; Emeritus professor and Director of the Institute for Medical Microbiology and Hygiene at Johannes Gutenberg University of Mainz.

Bhattacharya, Jay, Prof.,
Professor of Medicine and Public Health at Stanford University.

Blaylock, Russell, Dr.,

Brosseau, Lisa, ScD,
Expert on respiratory protection and infectious diseases; Retired professor, University of Illinois, Chicago.

Bundgaard, Henning,
Chief physician at Denmark's Rigshospitale

Buttar, Rashid, Dr.,

Cahill, Dolores, Prof.,
Immunologist

Coleman, Vernon, Dr.,
MB, ChB, DSc, General Practitioner, Surgeon.

De Benito, Luis, Dr.,
Hospital de El Escorial in Madrid.

Denton, Peter,
General Surgeon.

Edwards, William,
Orthopaedic Surgeon.

Erickson, Dan, Dr.,

(the) German Network for Evidence-Based Medicine

An association of around 1000 German scientists, researchers and medical professionals to disseminate and develop concepts and methods of evidence-based and patient-oriented medicine in practice, teaching, and research.

Giesecke, Johan, Prof.,
Epidemiologist; Advisor to the Swedish Government;

Gigerenzer, Gerd, Dr.,
Psychologist; Professor of Psychology and Director of the Harding Center for Risk Literacy at the Max Planck Institute for Human Development in Berlin.

Goetzsche, Peter, Dr.,
Professor of Clinical Research Design and Analysis at the University of Copenhagen; Founder of the Cochrane Medical Collaboration.

Gold, Simone, Dr.,

Goldschmidt, Pablo, Dr.,
Virologist specialising in tropical diseases; Professor of Molecular Pharmacology at the Université Pierre et Marie Curie in Paris; Graduate of the Faculty of Pharmacy and Biochemistry of the University of Buenos Aires and Faculty of Medicine of Hospital Center of Pitié-Salpêtrière in Paris.

Grills, Nathan, Prof.,
Public Health Physician, University of Melbourne.

Grimes, David Stuart, Dr.,
Retired Resident Medical Officer at Manchester Royal Infirmary, Consultant Physician, Gastro-enterologist.

Gupta, Sunetra, Dr.,
Professor of Theoretical Epidemiology at Oxford University, with an interest in infectious disease agents responsible for malaria, HIV, influenza, and bacterial meningitis; Member of the Oxford-based research team constructing an epidemiological model for the coronavirus outbreak; Recipient of the Sahitya Akademi Award, the Scientific Medal by the Zoological Society of London, and the Royal Society Rosalind Franklin Award for her scientific research.

Hamilton, Bob, Dr.,

Hardie, John,

BDS, MSc, PhD, Fellow of the Royal College of Dentists, Canada.

Heneghan, Carl, Prof.,

General Practitioner Physician; Director of University of Oxford's Centre for Evidence-Based Medicine; Fellow of Kellogg College; Editor-in-Chief of British Medical Journal Evidence-Based Medicine.

Ioannidis, John, Dr.,

Professor of Medicine, of Health Research and Policy and of Biomedical Data Science at Stanford University; Professor of Statistics at Stanford University School of Humanities and Sciences; Director of the Stanford Prevention Research centre; Co-Director of the Meta-Research Innovation Centre at Stanford (METRICS); Editor-in-Chief of the European Journal of Clinical Investigation; Chairman at the Dept of Hygiene and Epidemiology at the University of Ioannina School of Medicine; Adjunct Professor at Tufts University School of medicine; Contributor to evidence-based medicine, epidemiology, data science and clinical research; Pioneered the field of meta-research.

Jefferson, Tom, Dr.,

Epidemiologist; Author and editor of the Cochrane Collaboration's acute respiratory infections group; Advisor to the Italian National Agency for regional Health Services.

Katz, David, Dr.,

Physician; Founding Director of the Yale University (?) Prevention Research Center.

Kaufman, Andrew, Dr., MD.,

Kekulé, Alexander, Dr.,

Doctor and biochemist; Chair for Medical Microbiology and Virology at Martin Luther University Halle-Wittenberg; Current Director of the Institute for Medical Microbiology at the University Hospital Halle.

Kendrick, Malcolm, Dr.,

General Practitioner

Kettner, Joel, Dr.,

Professor of Community health Sciences and Surgery at Manitoba University; Former Chief Public Health Officer for Manitoba Province; medical Director of the International Centre for Infectious Diseases.

Knight, Michael,

Orthopaedic Surgeon.

Köhnlein, Claus, Dr.,

Internist in Kiel.

Krause, Gérard, Dr.,

Head of Dept for Epidemiology at the Helmholtz Centre for Infection in Braunschweig; Director of the Institute for Infectious Disease Epidemiology at TWINCORE in Hannover; Chair of the PhD Program Epidemiology at the Hanover Medical School; Coordinator of the Translational Infrastructure Epidemiology at the German Centre for Infection research (DZIF).

Lass, Yoram, Dr.,

Physician; Politician; Former Director General of the Israel Health Ministry; Associate Dean of the Tel Aviv University Medical School.

Lee, John, Dr.,

Histopathologist at Rotherham General Hospital; Formerly clinical professor of pathology at Hull York Medical School.

Levitt, Michael, Dr.,

Professor of Biochemistry at Stanford University; Fellow of the Royal Society (FRS); member of the National Academy of Sciences; received the 2013 Nobel Prize in Chemistry for the development of multiscale models for complex chemical systems; February 2020 correctly modelled that China C-19 outbreak was ending.

Madej, Carrie, Dr.,

Massihi, Artin, Dr.,

Mathai, John, Dr.,

Psychiatrist.

Mathieson, Eamonn, Dr.,

Anaesthetist.

Meehan, Jim, Dr.,

Medical doctor

Mercola, Joseph, Dr.,

Physician, Surgeon, Osteopath, Nutritionist.

Merritt, Lee, MD.,

Miller, Bob,

Transplant Surgeon

Minnesota Center for Infectious Disease Research and Policy,

Mölling, Karin, Dr.,

Virologist; Research on retroviruses particularly HIV; Professor and director Institute of Medical Virology at the University of Zurich (1993-2008).

Montgomery, Frank Ulrich,

Radiologist; Former president of the German medical Association; Deputy Chairman of the World Medical Association.

Murtagh, John, Prof.,

Emeritus Professor, AO, Academic General Practitioner.

Noel, Ted, Dr.,

Medical doctor.

Osterholm, Michael,

Regents Professor and director of the Center for Infectious Disease Research and Policy at the University of Minnesota.

Oxford, John, Dr.,

Virologist; Professor at Queen Mary, University of London; Leading expert on influenza including bird flu and the 1918 Spanish Influenza, and HIV/AIDS.

Püschel, Klaus, Dr.,

Forensic pathologist; Former Professor of forensics at Essen University; Current director of the Institute of Forensic Medicine at the University Medical Center Hamburg-Eppendorf.

Roussel, Yanis, Dr., *et al*

A team of researchers from the Institut Hospitalo-Universitaire Méditerranée Infection, Marseille, and the Institut de Recherche pour le Développement, Assistance Publique-Hôpitaux de Marseille, conducting a peer-reviewed study on Coronavirus mortality for the government of France.

Schabas, Richard, Dr.,

Former Chief Medical Officer of Ontario, Medical Officer of Hastings and Prince Edward Public Health; Chief of Staff at York Central Hospital.

Sietsema, Margaret, PhD,

Expert on respiratory protection; Assistant professor at the University of Illinois, Chicago.

Streck, Hendrick, Prof.,

HIV researcher; Epidemiologist; Clinical Trialist; Professor of Virology; Director of the Institute of Virology and HIV research at Bonn University.

Tegnell, Anders, Dr.,

Physician; State epidemiologist and infectious disease expert at the Public Health Agency of Sweden; PhD in Medical Science.

Van Ark, Tamara,

Medical Care Minister, Holland.

Vernazza, Pietro, Dr.,

Physician specialising in Infectious Diseases at the Cantonal Hospital St. Gallen; Professor of Health Policy.

Walters, Haydn, Prof.,

Respiratory Medicine, University of Tasmania

Wittkowski, Knut, Prof.,

Professor of Epidemiology of HIV; Twenty years Head of Biostatistics, Epidemiology, and Research Design at the Rockefeller University's Center for Clinical and Translational Science.; Currently CEO of ASDERA LLC discovering novel interventions against complex (including coronavirus) diseases.

Wodarg, Wolfgang, Dr. Med.,

Internist and pulmonary physician; Specialist for hygiene and environmental science, public health, and social medicine; Public health officer in Schleswig-Holstein; University and college lecturer; Chairman of the Expert Committee for Health-Related Environmental protection at the Schleswig-Holstein Medical Association; John Hopkins University Scholarship (1991); Member of German Federal parliament (1994-2009); Initiator and speaker in the Enquete Commission 'Ethics and Law of Modern Medicine'; Member of the Parliamentary Assembly of the Council of Europe - Chairman of the Subcommittee on Health and Deputy Chairman of the Expert Committee on Culture, Education and Science; Initiator of the Committee of Inquiry into WHO's role in H1N1 (swine flu) in Strasbourg; Volunteer member of the board and head of the health working group at Transparency International Germany.

Yan, Li-Meng, Dr.,

Yeadon, Michael, Dr., PhD.,

Biochemistry, toxicology, respiratory pharmacology. Former Vice President & Chief Scientist for Allergy & Respiratory Diseases at Pfizer.
