

Covid-19 Vaccines

As in the Days of Noah...

Before I start this short item, please let me make clear: I do *not* claim to be a 'prophet' neither am I saying 'thus saith the Lord' with the following thoughts. They are simply my ponderings in light of the very questionable haste with which world and national leaders are pushing a vaccine for the current coronavirus...

In Noah's day the sons of men and the sons of God mixed and produced hybrids which, by definition, were unsaveable. Therefore, God had to destroy them, which He did in the world-wide flood. If God had not done so, these hybrids would have continually reproduced in kind and thereby destroyed God's plan of salvation for Adam's descendants. Scripture tells us that the last days will be like the days of Noah. One of these similarities may be the creating of hybrid humans of some kind.

The Bible also warns us against taking 'The Mark of the Beast' because it will damn us to hell. Why will it do that? Many believers down the years have suggested that some form of ID chip might be inserted into the wrist or forehead without which we cannot buy or sell. And that will certainly be an aspect of the 'Mark'.

But would having an implanted chip be synonymous with *worshipping* the beast? We could be held down and forcibly injected with a chip, but, on its own, I'm not sure that that would cause believers to turn from worshipping God to worshipping the beast; neither would it make us unsaveable...

“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save that he had the mark, or the name of the beast, or the number of his name” (Revelation 13:16-17),

“If any man worship the beast and his image, and receive his mark in the forehead, or in his hand, the same shall drink of the wine of the wrath of God” (Revelation 14:9-10).

If, however, the Mark of the Beast causes a hybridisation of mankind in some way, then, as in the Days of Noah, these hybrids *would* become unsaveable. How might this modern-day hybridisation – or, if you prefer, transhumanism - come about? Vaccinations could very easily become the means of achieving it.

There may indeed be no (or few) problems with the ingredients of any initial C19 vaccine, but that may simply be *Boiling the Frog*: i.e., lulling the people into a false sense of security with the first few harmless doses, then gradually altering the ingredients, so that any C19 vaccine will, at some stage, disrupt our humanity.

“What is it to be human? ... the so-called COVID19 vaccines deploy recombinant DNA/RNA technology that 'rewrites' the genetic code much as, Monsanto, for example, rewrites the genetic code of numerous seeds ... Genetically-modified organisms can be patented and owned. Monsanto owns the GMO seeds. Once DNA vaccines are used on humans – and it has never been done before – humans could possibly be 'owned'. We could in theory be 'patented'” [[Covid Vaccines and Genetically Modified Humans](#), 19 July 2020].

So, a question to any Christians who may be thinking it's OK to take such a vaccine... Do we really think God wants us to be 'owned' by another human being – or even a non-human being – instead of by Him?

We cannot serve two masters – we cannot be 'owned' by two masters.

“No man can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other” (Matthew 6:24),

“What? know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own?” (1 Corinthians 6:19).

It is *that* aspect which I think could turn a vaccine from being a totalitarianist's tool controlling us physically (which is certainly bad enough) into the Biblical 'Mark of the Beast' controlling us spiritually – and thus damning us if we take it.

“And I say unto you my friends, Be not afraid of them that kill the body, and after that have no more that they can do” (Luke 12:4),

“And fear not them which kill the body, but are not able to kill the soul: but rather fear him which is able to destroy both soul and body in hell” (Matthew 10:28).

Because, make no mistake, if we give our bodies to any humanity-altering medium – be that a vaccine or something else - we will also be giving our souls to it, thereby changing our Master for eternity; and that without remedy.

An eventual salvation-destroying vaccine may or may not be the current Pfizer/BioNTech one, or the Oxford/AstraZeneca one, or the Moderna one, but it could very well become the final vaccine that all the previous C19 vaccines will give way to further down the line.

Yes, the Bible says that some who refuse the mark will lose their lives (regardless of whether the mark is indeed a humanity-altering vaccine or some other form of soul-damning entity), but the Bible also has this promise for those who refuse to take the mark of the beast:

“Here is the patience of the saints: here are they that keep the commandments of God, and the faith of Jesus. And I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them ... he that overcometh shall inherit all things; and I will be his God, and he shall be my son ... And they shall see His face; and his name shall be in their foreheads ... Behold, I come quickly: blessed is he that keepeth the saying of the prophecy of this book ... Even so, come, Lord Jesus” (Revelation 14:12-13; 21:7; 22:4,7,20).
