

The Effects of Different Kinds of Music

Two Kinds of Music

There Are Really Only Two Kinds of Music

“In spite of all the different kinds of music found in the world, there are really only two – one that pleases God and one that is controlled by Satan”

“Just as Satan has many counterfeit religions in the world, he also has his own music, music that praises himself or man but not the Lord”

Healthful / Godly Music:

Music Which Proves Healthful to the Mind and Body:

“The melody carries and reinforces the **words**; therefore, God’s music must emphasise the melody and its words and not the harmony or rhythm”

“Godly music is life and health to the body, soul, and spirit”

“Godly music will bring life and health to its listeners”

“God desires to bring life, joy, purity and peace to the lives of His children”

Harmful / Satanic Music:

Music Which Proves Harmful to the Mind and Body:

“Satan’s music, like him, comes ‘to steal, and to kill, and to destroy’ the health of the mind and the body”

“Satan’s music brings deterioration and death”
